

## **99—Madison Seidel, C/UT, PA Chaos (uncommitted)**

A utility player in the truest sense of the word, Madison can pitch and catch, so there's no place on the field where she's not at home. Listed as a catcher first, she produced a 1.66 pop time at a recent University of Kentucky camp. Her overhand velocity of 63 mph and 5-foot-8 stature keep baserunners from swiping bags and Madison can provide relief in the circle when needed. She's hitting speeds of 60 mph with a solid off-speed option. An athlete who can make it to first under three seconds, she's a productive member of the offense as well. Watch for this triple threat at national events this summer as her team has bids to PGF Nationals, USA Softball JO Cup and USA Elite Select for 2018.
